ON-SITE STORAGE

**The latest JOBOX innovations
for unmatched security,
versatility and durability**

NEW

**Textured Powder Paint Finish
For Improved Durability***

10x Corrosion Resistance

5x Abrasion Resistance

2x Chip Resistance

2x Scratch Resistance

Site-Vault™ Security System

50% more locking points than competitive systems

- 3-Point lock engagement is virtually impossible to bend or pry open

EZ-Loader™ Skid Bolsters

Fork lift from any side

- 7-Gauge, one-piece steel bolster resists damage when dropped

* Test comparisons provided by powder paint manufacturer.

PREMIUM STORAGE SOLUTIONS

JOBBOX[®]

ON-SITE STORAGE

Unmatched Security, Versatility and Durability

Site-Vault[™] Security System

50% more locking points than competitive locking systems

PATENT PENDING

- 3-Point lock engagement is virtually impossible to bend or pry open

EZ-Loader[™] Skid Bolsters

Fork lift from any side

PATENT PENDING

- 7-Gauge, one-piece, steel bolster resists damage when dropped

PREMIUM STORAGE SOLUTIONS

CHESTS

Site-Vault™ Security System Patent pending

3-Point lock engagement

- Three locking points versus competitive locking systems that only feature two locking points
- Padlock is completely housed in a fully-welded 14 gauge steel casing making it nearly impossible to pry, cut or knock out in an attempted break-in
- Fluorescent orange tape indicates when the chest is unlocked, making it easy to check at night and from a distance

EZ-Loader™ Skid Bolsters Patent pending

Forklift from any side

- Easily load and unload heavy chests from trucks or warehouse
- Safely move loaded chests on site or to upper levels of buildings
- One piece skid bolster reinforces entire box bottom for heavier load capacity
- Uses 5/16" self-tapping screws for caster installation

HEAVILY REINFORCED LID

- Lid bolster resists bending from cargo placed on top of the box and from attempted break-ins

GRIP RITE™ CHANNELS

- Easy to grip the lid when wet or wearing gloves. Also provides lid reinforcement.

RECESSED HANDLES

- Extra tall and deep recess areas prevent pinched fingers and damage to the handle

STAKED AND WELDED HINGE

- Rugged 14-gauge steel, 3/8" continuous hinge with 1/4" steel pin and extra-large 1" knuckles. Staked and welded pin cannot be driven out. 3" horseshoe weld on both hinge ends.

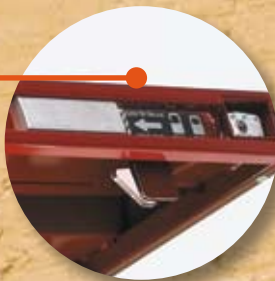

PIANO LID BOXES

Site-Vault™ Security System

50% more locking points than competitive locking systems

- 3-Point lock engagement is virtually impossible to bend or pry open

EZ-Loader™ Skid Bolsters

Fork lift from any side

- 7-Gauge, one-piece steel bolster resists damage when dropped

RECESSED HANDLES

- Extra tall and deep recess areas prevent pinched fingers and damage to the handle

2X THICKER SIDE WALLS

- Full pry bar and weather resistant design allows the lid to overlap side walls when closed
- Two deep side wall storage bins

TILT-N-STOW™ SHELF

- Bottom shelf lifts up and makes it easy to load and unload objects from the base

GAS SPRING LID LIFT GUARD

- Gas springs embedded in sidewall and guard design protect springs, strengthens sidewall and provides 17% more useable shelf space

DROP-FRONT PIANO BOXES feature reinforced door for easy loading and unloading of heavy equipment. Available in 60" and 74" length models

Full-length stainless steel hinge resists corrosion

Pad-lockable drop down door prevents access to heavy tools and equipment while the piano box is open

Efficient tapered ramp design makes it easy to roll heavy objects into storage

HIGH-CAPACITY PIANO BOX features **75% more capacity** than our popular model

1-685990. Nearly 5' tall sidewalls organize more tools and equipment on the job site

Three 500 lb. Capacity, full width rear shelves

Six Built-In sidewall storage bins

Punched Holes for hanging safety harnesses

Tilt-N-Stow™ bottom shelf for easier access to base

FIELD OFFICE

One-Handle Lock Operation

Opens both bottom and top doors

- Handle slides down to release bottom doors and slides up to release top door

Steel Peg-Board and Deep Shelf

Bright White desktop for improved visibility

- Provides hanging storage and additional space for larger items

OFFICE CENTER WITH EXTRA LARGE DESKTOP

- Can be propped into a flat or slanted position and provides pad-lockable storage underneath

EZ-LOADER™ SKID BOLSTERS

- Fork lift from any side
- 7-Gauge, one-piece steel bolster resists damage when dropped

BOTTOM DOOR SHELVES

- Convenient for storing small parts and tools while reinforcing doors

30 CU. FT. SIDE STORAGE LOCKER

- Stores items up to 60" in length and is opened from a lanyard inside the lower cabinet for additional security

LID SAFETY PIN LATCH

- Pin secures open door support arm to bracket and sidewall for safety

FULL LENGTH HEAVY-DUTY LID AND DOOR HINGES

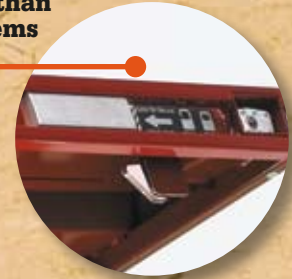

- Corrosion resistant, high-strength lid and door hinges provide enhanced durability and security

Site-Vault™ Security System

50% more locking points than competitive locking systems

- 3-Point lock engagement is virtually impossible to bend or pry open

EZ-Loader™ Skid Bolsters

Fork lift from any side

- 7-Gauge, one-piece, steel bolster resists damage when dropped

JOBBOX[®]

INDUSTRIAL 2-DOOR, 8-DRAWER CABINET

Unmatched Security, Versatility and Durability

High Load Capacity Drawers

- Exclusive drawer design supports up to 60% greater loads
- Three 2 1/2" deep drawers feature 75 lb. load capacity
- Five 5 1/2" deep drawers feature 125 lb. load capacity

New EZ-Loader[™] Anti-Tip Skid Bolster

- Skid bolster extends to the front to help prevent tipping
- Casters install with 5/16" self-tapping bolts
- Now fork lift accessible from all sides
- Patent pending

PREMIUM STORAGE SOLUTIONS

Fully Welded Padlock Housing

Six, 5/8" Steel Locking Pin Security

Eight built-in door shelves. Extra deep 4 1/2" Top Door Shelves

Grip-Rite™ Door Channels

Formed-In Lifting Handles

Fork Lift Accessible From All Sides

Welded Corner Gussets Reinforce Body

Fully Staked and Welded 3/8" Hinge with 1" Knuckles and Hardened 1/4" Pin

Drawers Fully Extend for Easy Access

Three-2 1/2" Drawers support 75 lbs. and Five 5 1/2" Deep Drawers Support Up To 125 lbs.

NEW EZ-Loader™ Anti-Tip Skid Bolster

Hand or Foot-Operated Door Latch Release System

Uses 5/16" Self-Tapping Screws for Caster Installation

REINFORCED SHELF FRAME

Shelves are supported by independently reinforced frame mounted inside cabinet

RUGGED 3/8" LATCH HOOKS

Extra heavy duty door latch hooks resist repeated pry bar attempted break-ins. Recessed Grip-Rite™ door channels add reinforcement to doors

EXPANDED DOOR SHELVES

Top shelf inside both doors is expanded to hold oversized objects and tools

REINFORCED FRAME

Heavy-gauge, 7" full corner gussets resist warping and give added strength to our one-piece, formed and rolled steel cabinet

PADLOCK PROTECTED

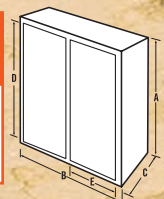

5/8" round solid steel locking pins along front of cabinet creates virtually impossible to break-in storage

REINFORCED SHELVES

Cabinet shelves are braced on their undersides with a heavy-gauge steel "V-Shaped" brace
